ADVANCED MANUFACTURING TECHNOLOGIES FOR AUTOMOTIVE INDUSTRY

HOTEL FOUR POINTS
BY SHERATON
LJUBLJANA MONS
SLOVENIA

INNOVATION DAY LJUBLJANA 2025 spotlights Advanced Manufacturing Technologies for the Automotive Industry, bringing together experts and decision-makers to discuss future trends and practical innovations in manufacturing.

Co-funded by the
European Union

REPUBLIC OF SLOVENIA
MINISTRY OF HIGHER EDUCATION,
SCIENCE AND INNOVATION

Why to attend?

EXPLORE THE FUTURE OF AUTOMOTIVE MANUFACTURING

Hear expert insights on technological, economic, and digital transformations.

ENGAGE IN DYNAMIC PANEL DISCUSSIONS

Exchange views with industry, research, and innovation stakeholders.

GET INSPIRED BY EMERGING SOLUTIONS

Learn about advancements in automation, manufacturing, robotics, and smart production systems.

BOOST COMPETITIVENESS THROUGH INNOVATION

Discover new approaches to increasing efficiency, flexibility, and product quality.

CONNECT RESEARCH AND PRACTICE

Gain a cross-sector perspective by bridging industrial needs with academic R&D.

NETWORK WITH KEY PLAYERS

Use breaks and discussions to connect with professionals shaping the future of manufacturing and mobility.

HELP SHAPE EUROPE'S MANUFACTURING LANDSCAPE

Contribute to dialogues that influence policy, environment, technology and collaboration.

DON'T MISS THE OPPORTUNITY TO BE PART OF SOMETHING EXTRAORDINARY!

Whether you're an experienced professional or an aspiring entrepreneur, this event is the perfect place to explore and exchange new ideas and drive innovation.
